The Franklin-Argyle-101 underpass has gone from zero to 1 to 2 to now 3 tents with garbage and seedy looking characters that I would not feel safe passing. Seeing tents increase, other homeless will find their way here, just like the dozens now living under the Alvarado - 101 overpass. When I say dozens, they line each side and you cannot walk there. Is this how we want our area to grow? I had to cover my nose as I walked passing the homeless on Franklin since they were sleeping next to their own FECES and VOMIT!!!! Trash everywhere...

Compassion? Yes, I have compassion but I also have safety concerns. Many of these people are mentally unstable and being desperate they need to steal. These people choose not to live in homeless shelters. They want independence. Honestly, I don't want this kind of unsafe independence in any proximity of business.

We're going to continue to get them.. the original constituent who inquired went ahead and put up a "if you don't like this contact **us**" on Nextdoor.

As this is all in Dan's turf, unless we want to start cleaning CD 13's area; nothing can be done until Dan gets the area hit. He is aware.

I'm responding to each one and clarifying, also sent an email to Todd (one of his emails had a screen shot of a website blog telling people to contact us) asking him to please modify the contact info.
